

Send Canva designs straight to apparel

Design in Canva, click "Send to Swag Dimension," and your artwork is rendered on every blank in our catalog with AI mockups in 60 seconds.

WHO WE ARE

Swag Dimension is the modern, multi-tenant SaaS platform for organizations that want to run permanent brand-ed-merch stores without inventory, minimums, or third-party storefront management. Our customers include nonprofits, schools, real-estate brokerages, churches, fitness studios, and corporate HR teams across the US.

What the Canva integration unlocks

PTA spirit-wear designs

PTA volunteer designs the spirit-wear in Canva, sends to SD, picks blanks, drops the campaign — same afternoon.

Sermon-series artwork

Church communications team designs the series art in Canva, exports to SD, and ships hoodies for week one.

Creator merch drops

Designer creates the artwork in Canva, sends to SD, configures markup, opens the shop. Total: under 30 minutes.

Mutual value

FOR CANVA

A high-leverage integration that unlocks new use cases for Canva users — turning organizational customers into multi-product power users. Every

FOR SWAG DIMENSION

Native distribution to Canva's existing customer base, who are already paying for tools that orchestrate work — and now have a turnkey way to run a

Swag Dimension brand store becomes another reason for Canva's users to stay engaged daily.

branded-merch program inside their existing workflow. Reduces our acquisition cost and increases activation speed.

Let's talk integration

We have engineering and partnerships resources ready to ship this integration. Looking for a co-marketing partner on the Canva side to validate the use cases and unlock joint distribution.
