## SPECIFICATIONS

### Fit

Most caps are one-size adjustable (21–24" range). Fitted styles like New Era 59FIFTY use the brand's standard size run. Beanies are stretch-knit and fit most heads.

### Materials

Structured caps use a 6-panel cotton-twill body with a high-quality embroidery thread. Snapbacks are flat-brimmed; dad caps are curved and unstructured. Beanies are acrylic or cotton knit.

### Care

Spot-clean with cool water and a soft brush. Do not machine wash structured caps — the brim can warp. Beanies can be hand-washed cold and laid flat to dry.

## SIZING

TYPE	FIT	RANGE
Snapback / 5-panel	One size	Adjustable 21–24"

PRODUCT GUIDE · BUCKET HAT

---

Fitted	S / M / L	See blueprint specs
Beanie / cuff	One size	Stretch knit

---

*Most caps are one-size adjustable. Fitted cuts (e.g. New Era 59FIFTY) follow the manufacturer's sizing — check the blueprint detail above for the specific size run.*

---

## FREQUENTLY ASKED

### Will the embroidery scratch?

No — high-stitch-count embroidery is smooth on the inside. The interior lining is soft cotton.

### Can I wash my cap?

Spot-clean only. Brim warping is the #1 risk with full submersion. A soft brush + cool water + mild soap handles 99% of cases.
